Full description

Compass is an easy way to find your next trip destination and its host, Compass brings people, passions and places together. We aim to help make you a better traveler, from travel planning, to booking, to taking a trip. Our app lets you get the most out of your trip. Here you can find most suitable destinations and hosts according to your trip plan.

How to choose you trip

you can find all upcoming trips from your city or nearby through compass. Then you can chose your destination and its host by seeing its rating, rates and read thoroughly what they are offering in this trip.

How to book your trip

After selection of your trip and host you need to select book now tab and fill you requirement. After filling you need to confirm your booking by paying upfront amount or full amount. After that you will have your trip confirmation along with your pickup location, time and host contact details.

How to get board

When you are going to start your tour you need to show you booking details from app to you host. Pay remaining amount if not full paid. And follow all -instruction by your host.

After Trip

After trip is over guest can rate and review the host according to his/her experiences.
